

Our Service

Our services are easy to access.

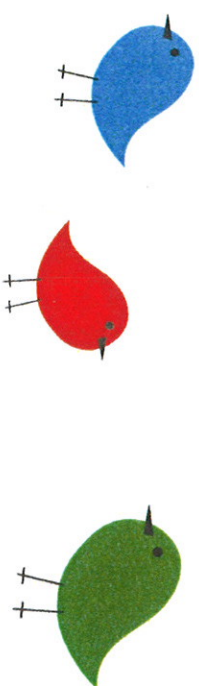

You will have direct contact with CCT's Manager who will tailor a care plan to your client's needs & interests.

Our services are flexible:

- We support people who have experienced workplace or other injury to ensure their continued access to the community as they recuperate.
- We provide support for people during treatment.
- We provide care to people who for one reason or another, are experiencing social isolation.

What we do:

CCT is a well established, reliable, responsive and consultative service. CCT offers a range of care options in response to individual and carer needs at home or in the community.

- We respond promptly to enquiries & carefully match clients with a professional carer.

CCT supports people who are socially isolated to access the community as well as providing support that assists people to remain independent in the community. CCT can provide carer respite services in home or in the community.

Versatile Care :

- Short term & ongoing.
- Daytime, evenings and nights .
- available 7 days a week

We care for :

- Children and adults with a physical, intellectual or sensory disability.
- Older people, including those with Dementia
- People with mental health issues
- People from culturally and linguistically diverse backgrounds.

Our Support Workers:

CCT support workers have experience providing a range of care, from social support to responding to more complex individual needs.

All our support workers are:

- Experienced & Qualified
- Hold a current First Aid Certificate
- Are directly supervised
- Have 'on call' support during their shift
- Have access to ongoing training relevant to their work.

CCT is a fee based service

Our **short term** care is provided in a minimum of 6 week blocks.

Our **ongoing care** provides a minimum of 4 hours care a week.
